

CALL FOR PAPERS

IEEE ICNP 2026 WORKSHOP

Network Infrastructure & Protocols for AI Agents

NIPA 2026

CO-LOCATED WITH
IEEE ICNP 2026
International Conference on
Network Protocols

PROCEEDINGS IN
IEEE Xplore
Double-blind peer review

WORKSHOP DAY
October 5, 2026

LOCATION
Tempe, Arizona, USA

SUBMISSION DEADLINE
June 26, 2026 (AoE)

PAPER LENGTH
Up to 6 Pages · IEEE

ABOUT THE WORKSHOP

As AI evolves from isolated LLMs to collaborative multi-agent systems, the networking landscape faces an unprecedented paradigm shift. The **Internet of Agents (IoA)** envisions a distributed ecosystem where autonomous agents continuously communicate, negotiate, and synchronize — generating traffic patterns that challenge traditional infrastructures. NIPA 2026 brings together researchers from academia and industry to share the latest research and define the roadmap for **agent-native networking**.

TOPICS OF INTEREST

- 01 High-performance network tech for agentic workloads
- 02 Congestion control for multi-agent synchronization
- 03 Hardware-software co-design for AI networking
- 04 Novel architectures for agent interconnection
- 05 Agent communication protocols — MCP, A2A, ANP
- 06 Semantic-aware and goal-oriented communication
- 07 P2P, client-server & hybrid agent topologies
- 08 Adaptive workload partitioning: cloud & edge
- 09 Dynamic capability discovery and management
- 10 Dynamic task matching & workflow orchestration
- 11 Conflict resolution and multi-agent debate
- 12 Decentralized identity and access control
- 13 Defending against cross-agent threats
- 14 Privacy-aware architectures

IMPORTANT DATES

Paper Submission	Jun 26, 2026
Acceptance Notification	Jul 31, 2026
Camera-Ready Deadline	Aug 25, 2026
Workshop Day	Oct 5, 2026

All deadlines are Anywhere on Earth (AoE, UTC-12)

SUBMISSION GUIDELINES

- Original research, position papers, and early-stage work welcome
- Up **6** in IEEE Computer Society format (incl. to **pages** references & appendices)
- Double-blind review — anonymize submissions; omit author names & affiliations
- Unpublished work not under review elsewhere
